

## FACILITATING EDUCATION AND TRAINING

**Mike and Lesley are facilitators, educators and trainers who like to see your delegates develop in an enjoyable environment!**

## PROFESSIONAL DEVELOPMENT

### Who we are:

The principal facilitators and trainers are Mike and Lesley Storkey. **Storkeys' Team** has been involved in training a variety of non profit organizations, government departments and real estate offices for over twenty years. In addition they are highly regarded for their work facilitating public forums, business conferences, business meetings and youth programmes throughout the region.

### What we offer:

#### **Professional Development for Delegates**

You, the business owner or company director, have obviously put a great deal of time and effort into organising your conference. You have a key group of delegates who are attending this conference as recognition for their achievements and as part of a successful team. Develop the latent potential of these successful delegates and unlock the benefits that they can achieve for the company, the team and themselves.

Do you wish to incur greater expense by utilising external trainers and speakers from interstate or out of the area?

Storkeys' Team can assist in providing the vital key to changing this conference from a get-together to a true opportunity for your team of delegates.

#### **Facilitation**

Facilitation is a state of mind and a set of skills. Our role as experienced facilitators is to support delegates to achieve change and provide structured processes to draw out ideas and experiences as well as energise the group to achieve maximum outcomes, as well as decisions!

#### **Presenting For Impact**

Do you want your delegates to grab your clients and potential clients' attention as they walk into a room?

Do you know what the desired outcomes are for a presentation?

Do you know how to positively influence the thoughts and feelings of your audience?

Do you know how to create a long term impact, how to help your audience remember your key messages long after your presentation?

Do you know how to handle awkward situations within your audience?

If you answered 'NO' to any of these questions, then talk to **Storkeys' Team** and let them show you the difference a 'YES' can make.

#### **Inspirational Speakers**

Conferences are a marvellous opportunity to build teams, to reward your staff, to relax and enjoy but they are also an opportunity to sit back, relax and be inspired by people who have conquered adversity, have a message for all of us but can leave you with a truly gut-wrenching moment – I could do that!

If you need a speaker who can do just that- **Storkeys' Team** can provide that special speaker!

For more information, visit our website [www.StorkeysTeam.com](http://www.StorkeysTeam.com)

In summary, it should be emphasised that all our programmes are designed and developed in response to our clients' needs and objectives.
